Issued: Dec. 14, 2023
Effective: January 1, 2024

MDPU-88
Cancels MDPU - 81

Rate S Electric Thermal Storage Heating (Existing Customers only – No New Installations)

Available for electricity used for electric thermal storage in approved storage heat tanks in a domestic single private dwelling or individual apartment during off-peak hours without requiring additional distribution system investment by MMLD, and subject to the following conditions:

1. The customer shall wire to the storage heater using approved cable or conduit and provide a trough with wire to a separate meter socket. The meter and time control will be supplied by MMLD, subject to the continued availability of equipment.
2. Service will be supplied under this tariff only during such hours as MMLD may determine from time to time to meet the conditions affecting the spare capacity available for this service but, in any event, not less than (12) twelve hours daily.

Monthly Charge

Basic Monthly Charge	\$ 17.75	per Month
All kilowatt-hours	\$ 0.1560	per kilowatt-hour

Terms and Conditions

1. The Department's most current Terms and Conditions for Electric Service are in effect and part of this tariff, when not inconsistent with any specific provision of this tariff.
2. All kilowatt-hour usage under this tariff is subject to the MMLD Purchase Power Adjustment Clause in effect.
3. All Terms and Conditions of this tariff are subject to applicable law.
